

Prequalification for Public Procurement

System 180 Listed in the Official Register of Prequalified Companies

System 180 is listed in the official register of prequalified companies maintained by the Berlin Chamber of Industry and Commerce (IHK Berlin). This prequalification confirms our eligibility to participate in public procurement procedures and enables contracting authorities, procurement offices, and business partners to verify our submitted qualification documents through a simplified process.

By centrally storing the relevant company documentation, the required evidence can be accessed and reviewed efficiently as part of public tender procedures.
